

Our family appreciates all of the condolences and genuine prayers. As you can believe we overwhelmed.

Cameron was the youngest four and our only boy. His death and the way he died is unfathomable. Cameron was diagnosed with autism at the age of four, and with early intervention and and our determination for him to be able to fend for himself if anything was to ever happen to us he BEAT THE ODDS! Cameron was a Tuba player at McArthur High School, a member of SGA, and an Ambassadors of the Florida Atlantic University Upward Bound Math and Science TRIO Program. Cameron was LOVED and brought a since of happiness to everyone he came in contact with in their own special way!

My McArthur High School Band family has setup a gofundme <https://gofund.me/>
