| • University of Florida | (1) |

4. Establishment of Training Programs:

WSVN continues its on-going entry-level training program to include positions for writers/producers, editors, graphic designers & chyron operators.

As a result of our training program, **(22)** employees have been promoted since *October 1st 2025 thru September 30th 2026*.

Due to the training experiences at WSVN, many of our former employees have acquired jobs at other Television Stations, and National TV Networks throughout the country.

Additional Initiatives:

SCHOLARSHIP FUND

WSVN has established an Endowment in perpetuity for a Scholarship Fund to Brown University for minority students of Miami-Dade and Broward Counties.

COMMUNITY EVENTS & EDUCATIONAL OUTREACH

Peace Sullivan/James Ansin High School Workshop in Journalism and New Media (Miami Montage)

- WSVN has sponsored and supported the program each year since 2007.
- In 2026, the program brought together 20 high school students for a three-week immersive journalism and newsroom experience through the University of Miami School of Communication.
- Students received hands-on experience in reporting, writing, photography, video production, podcasting, studio production and multimedia storytelling.
- On July 22, 2026, participating students visited WSVN and received firsthand exposure to television broadcasting and newsroom operations. Students participated in interactive learning sessions with employees from News, Creative Services, Special Projects, Deco Drive, Sales and Engineering.
- Students toured WSVN's facilities, visited the 7News newsroom and studio, and learned about the variety of career opportunities available within the television broadcasting industry.
- WSVN Anchor Craig Stevens delivered the keynote address at the workshop's closing ceremony on July 5, 2026.

Junior Achievement of South Florida – JA BizTown

Each year, more than 21,000 fifth and eighth grade students from Broward and South Palm Beach County schools participate in Junior Achievement's BizTown program.

In 2025, WSVN expanded its support of the initiative at the JA World Huizenga Center, Lillian S. Wells Pavilion, by creating a simulated newsroom and studio inside BizTown.

Students experienced hands-on broadcasting activities, including:

- Producing a mini newscast with on-camera reporting and anchoring.
- Operating studio equipment and learning how to create graphics.
- Using a portable camera to gather content from around the BizTown building.
- Writing and editing their own news stories, applying newsroom standards of accuracy and storytelling.
- Broadcasting their content within BizTown, gaining experience in teamwork, deadlines, and presentation.

This unique partnership gave students a realistic introduction to the television industry while reinforcing essential career skills such as collaboration, communication, responsibility, and critical thinking.

Museum of Discovery & Science – “The WSVN Be a Meteorologist” Exhibit

- WSVN partnered with the Museum of Discovery and Science (MODS) to sponsor the “*The WSVN Be a Meteorologist*” interactive exhibit.
- The exhibit gives children and families hands-on experience presenting a weather forecast, encouraging interest in STEM fields and broadcasting careers.

Suncoast Chapter of the National Academy of Television Arts & Sciences – “Emmys on the Road”

- On May 30, 2026, WSVN Anchor Craig Stevens participated in an “Emmys on the Road” outreach event in Fort Myers, Florida.
- Stevens serves as Vice President of the Regional Chapter of the Suncoast Chapter of the National Academy of Television Arts & Sciences and helped create the “Emmys on the Road” initiative in 2002.
- The program travels to television markets throughout the Suncoast Chapter’s region and provides opportunities to mentor, network and engage with television professionals, including producers, reporters, photographers and others working in or pursuing careers in broadcasting.
- Through participation in the program, WSVN has developed professional relationships with prospective broadcast talent. Over the years, contacts made through these networking events have also resulted in recruitment opportunities and hires for the station.
